

# Web Development 1

## **Continuous Assessment**

This semester, you have the opportunity to develop a website for one of the following clients. Please review their profiles and select the client you'd like to work with to create their website.

## Client 1: Sofia Martinez

Hola! I'm Sofia Martinez, the owner of *Anime Haven*. I've been a huge anime fan for years and always look for the next great series to share. My shop is all about fun and fandom, and I want my website to capture that same spirit. If you love anime as much as I do, I am sure we will have a great time working together!

## Client 2: John O'Reilly

Hey there, I'm John O'Reilly, the proud owner of *Wheels on Fire*. I've been in the car business for as long as I can remember, and I love a well-tuned engine. I'm a bit of a perfectionist — maybe even more with cars than with people, if I'm honest. I'm looking to create a website that showcases my collection and helps people find the perfect car, with a touch of my dry humour, of course.

Hi! I'm Nina Thompson and I'm a hairdresser. My salon, *Enchanted Locks*, is where the magic happens, and I'm excited to create a website that's as bold and vibrant as the styles I craft. I'm all about sharing beauty tips, making people feel fabulous, and spreading good vibes with my laugh.

Client 3: Nina Thompson

An illustration of a man and a dog in a snowy mountain landscape. The man, Lucas Snow, is wearing a maroon jacket, a blue and white ski mask, and has a purple snowboard with orange lightning bolt graphics on his back. He is holding a light brown dog with a blue collar. They are standing in a snowy field with blue mountains in the background and small green evergreen trees in the distance.

## Client 4: Lucas Snow

Hey, I'm Lucas Snow, the guy behind *Snow Trails Travel Agency*. I'm all about snowboarding, winter sports, and exploring the coolest snow-covered destinations. Nothing stops me from chasing adventure! I want my website to be as exciting and dynamic as the trips I plan, and maybe throw in a few good stories along the way.
